

Biography :

After a few years of existence, **VHAN** have really found it's identity, mix of the different influences of its members. The result is a raging metal with hardcore touches. Heavy guitars, massive drums and especially lots of screaming, here is the receipt of their music.

VHAN have already recorded 3 CDs: *Innocence* (demo in 2005), *At The Beginning...* (E.P. in 2006) and *Trailer For Heroes* (demo in 2008).

After a massive line-up change in the end of 2007, **VHAN** is back with more energy than ever and is preparing his first album, *Hero versus Hero*, which should be recorded during the 2008's autumn/winter. The band recorded a demo on may 2008 including 3 songs from the future album.

VHAN is a band made for shows, and you can feel it in their songs, written to render the most energy on stage. **VHAN** played on wide stages (*Sortie23 Festival, Nuits de l'Entrepot, Durbuy Rock Festival, ...*) and with huge bands (*Do Or Die, Defdump, Guerilla Poubelle, In Quest, Sworn Enemy, 100 Demons, Napalm Death, Mad Sin, Banane Metallik, Born From Pain, Voodoo Glow Skulls, Nervous Chillin, Heideroosjes, Uncommon Men From Mars, The Casualties, ...*)
